Subject: Re: Red and Bonita design memo

Steve, I'm at the Holiday Inn express in Montrose on the 27th. I was going to stay in Silverton on the night of the 26th, then try to get up to the mine next morning and survey in some elevations. Then I was going to stay in Telluride the night of the 28th, since there are going to be a lot of people I know there for the conference. You should stay in Telluride too.

I'm working on the appendices for the memo, and have added more recent gold king and mogul discharge data in a new table. Can discuss any day this week except today. Shouldn't we try to email to stakeholders, even still as a draft, by Friday? Allen
